### APPLY

[sph.emory.edu/admissions](http://sph.emory.edu/admissions)

Students may enter the Executive MPH program from a variety of professional backgrounds in the public and private sector and must have a minimum of three years of relevant professional experience. Students are only admitted in the fall semester. Admission is competitive, and applicants are encouraged to apply by the priority deadline of March 15.

### FUNDING

[sph.emory.edu/admissions/tuition/ways-to-pay](http://sph.emory.edu/admissions/tuition/ways-to-pay)

Attending graduate school is an investment in your future. Rollins offers a number of sources for funding your public health education, including scholarships and financial aid awards. Students wishing to be considered for scholarship awards should apply to the Executive MPH program by the priority deadline of March 15.

# EXECUTIVE MPH

*Professional. Practical. Public Health.*

[SPH.EMORY.EDU/EMPH](http://SPH.EMORY.EDU/EMPH)

## A TRADITION OF EXCELLENCE

For more than 25 years, future public health leaders have pursued their quest for social justice and the elimination of health disparities at the Rollins School of Public Health.

Rollins' commitment to understanding and improving health and well-being through inquiry-driven practice and ethical engagement with communities is unparalleled.

**Ready for the next steps in your professional public health journey?**

Rollins is here to support you.

## EXPAND YOUR PROFESSIONAL NETWORK

U.S. News & World Report ranks Rollins in the top-10 among the nation's 60 accredited schools of public health. Join us and you will be in good company with talented mid-career professionals.

For two decades, the Executive MPH (EMPH) program has cultivated a community of innovative faculty, engaged students, and accomplished alumni. Relationships are established during your first class session and continue far past graduation. Imagine how access to a robust and diverse public health network can impact your career.

# AN EXECUTIVE EXPERIENCE

*"The most valuable part of the EMPH program for me was the practical nature of the degree. I gained valuable, practice-related skills such as grant writing, program evaluation, and program planning. In the world of public health, those are real-life skills that an employer can put to work immediately."*

*- Daphne R. Robinson, JD, MPH  
Assistant District Attorney  
EMPH Alumna, 2016*

# THE ROLLINS ADVANTAGE

## DESIGNED WITH YOU IN MIND

**Convenient Delivery.** A blended format combines interactive online coursework with two, required on-campus sessions each semester (which take place from Friday through Sunday.)

**Student Success.** Enjoy access to the same student services and programs as traditional, on-campus students. Additionally, you'll have a dedicated team of advisors who will guide you until graduation.

**Practicum With a Purpose.** Guided by your practicum advisor, you'll work closely with practitioners and their large network of experts, expanding your horizons and elevating your skills.

**Choose Your Path.** Focus your studies in a field directly connected to your career goals. Select one of our three tracks: Applied Epidemiology, Applied Public Health Informatics, or Prevention Science.

**Build Your Professional Network.** Faculty, students and alumni bring experience and opportunities to help you build your professional network.

**Timely Completion.** Earn your MPH degree in as little as two years by choosing our "three-course schedule."

# REAL-WORLD APPLICATION

Surrounded by a cohort of public health professionals from diverse sectors and locations across the globe, you'll be able to instantly apply learnings from the classroom to your job.
