Equitable Partnerships in Dementia HCBS Research

May 2, 2024

Community Care Network for Dementia (CaN-D)

CaN-D Goals:

- knowledge sharing to advance innovative dementia HCBS research
- generate data tools on structure, process, and outcome measures of dementia HCBS
- grow and diversify the bench
- facilitate translation of research into policy changes

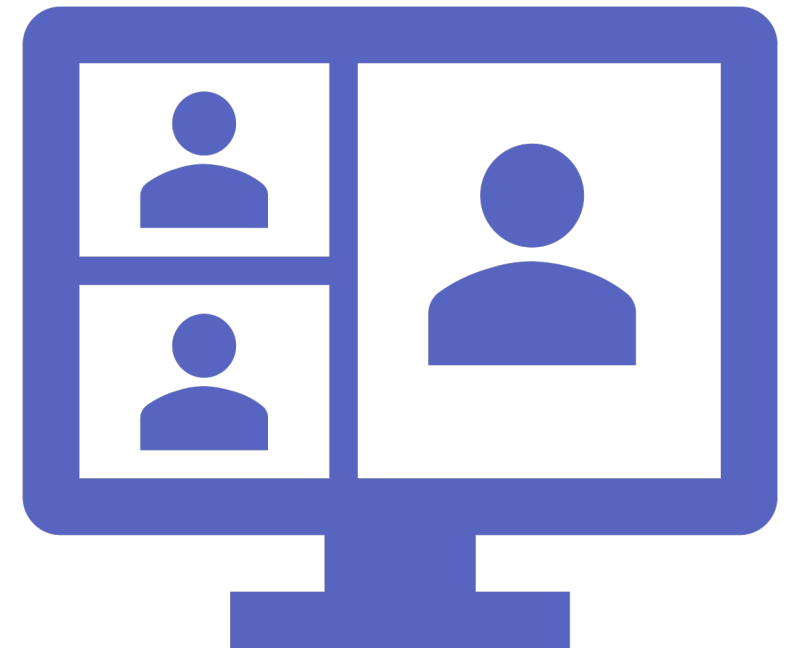

CaN-D Activities:

- Quarterly network meetings
- Monthly Working Groups – measurement and data to support dementia HCBS:
 - State policies (Alice Prendergast & Clara Park)
 - Access and unmet needs (Aleiah Mann & Jennifer Reckrey)
 - Interventions (Heather Menne & Kalisha Bonds Johnson)
- Annual intensive data workshops
- Dementia HCBS Data Hub
- Learning & Development seminars
- Mentorship gatherings
