

Employment Status

From the 2012-2013 academic year, 66 of the 74 graduates from the Global Health Department provided employment information through the graduate information survey, including students who graduated in August 2012, December 2012 and May 2013. The survey response rate was 89%. Data collection was completed in April 2014, the 11th month after May 2013 graduation.
