The Office of Career Services at the Rollins School of Public Health web-based software program known as Rollins Opportunities Link is part of the NACElink website, owned and operated by the National Association of Colleges and Employers (NACE). Both The Office of Career Services and NACE are committed to maintaining the privacy of personal information for users ("you" or "user") of NACElink ("Site"). Since we do collect certain types of information about our users and, in this privacy statement, we will describe the terms and conditions surrounding the capture and use of that information including what we collect, how we use it, and how users can make changes.

Employers use NACElink to post employment opportunities directly on NACElink.com, through The Office of Career Services web site, through DirectEmployers Association's web site or through NACE's web site, NACEWeb, where there is a direct link to NACElink. Students/alumni use NACElink through their college/university career centers to post resumes and review job opportunities.

NACE's commitment to all users—schools, employers, and students/alumni—is that NACE will maintain the confidentiality of all information collected on NACElink and NACE will not sell, transmit, or disclose in any fashion this information to any other organization. NACElink is the host server, storing and maintaining the data. NACE also has a partner, DirectEmployers Association, which will provide backup hosting services to NACE's servers. NACE and DirectEmployers Association only have access to the data in aggregate form.
