

WELCOME

We are pleased to announce the launch of a monthly communication designed for Faculty and Instructors. Our goal is to provide succinct communication of relevant information as it pertains to courses, students and teaching support. We hope this content contributes to the success of your semester academic planning.

ANNOUNCEMENTS *By Dr. Delia Lang*

Welcome to **Rollins TLC!** I am excited to announce that on August 22, we will be launching the Rollins Teaching and Learning Core. This is our very first website dedicated to providing resources to faculty, instructors, and teaching assistants to support the design, development, and delivery of inclusive and engaging public health courses. Check out the content and share your suggestions and feedback for improvements.

MENTAL WELLNESS STRATEGIES

1. **Make time for downtime** – *don't wait until you're burnt out.*
2. **Remember your physical health** – *exercise, eat healthy, get enough quality sleep.*
3. **Take periodic breaks from the news and social media** – *even if only briefly.*
4. **Connect socially with colleagues and friends** - *get coffee, go for a walk.*
5. **Reach out for help** – *you don't have to do it alone!*

RESOURCES

- [Guidelines for Respecting Student Identity](#)
- [CANVAS: Beginning of Semester Checklist](#)
- [RSPH Academic Calendar](#)
- [Faculty Staff Assistance Program](#)
- [The Academic Resource Center \(ARC\)](#)
- [RSPH Student Support Toolkit](#)
